TWENTIETH CENTURY

TRACY OUTDONE BY NEGRO FIENDS

Desperate Character Shoots Two Deputies and Eleven Policemen.

FINALLY SERIOUSLY WOUNDED

Burns House and Makes Break for Liberty—Wife Aided Him in Flight With Sabre.

NEW YORK, Sept. 2.—Henry Hunter, who shot a number of policemen and set fire to his house in Queens borough last night, in an effort to escape arrest, was captured early today and locked up in the Astoria jail. In the fight between Hunter and those who tried to arrest him, 11 policemen, three citizens and Hunter's wife were wounded. Mrs. Hunter, who helped her husband in his effort to escape, was taken to a hospital, where it was said today that she was in a serious condition. Hunter was badly beaten when caught.

John McKenna, a patrolman, was shot in the head and face. Both his eyes were destroyed, and the wounds in his head were so serious that his recovery was thought to be doubtful. The citizens wounded were men who had been called upon by the police to help in subduing Hunter. A list of the wounded follows:

John O'Neill, New York, shot in the back and shoulder; William Ordman, Corona, L. I., wounds in shoulder; William Thrope, New York, buckshot wounds in face; John McKenna, policeman, both eyes shot out, lips shot off, head filed with buckshot, wounds likely to be fatal; Arthur Brill, policeman, one eye shot out, head, face and arms full of buckshot; Thomas Cassidy, policeman, cut on head and shoulders by sabre wielded by Hunter's wife; Police Captain Thomas Dacey, slight gunshot wound in ear; Police Sergeant Downell, face filled with buckshot; Thomas Grogan, policeman, shot in leg and head; Patrick Kernan, policeman, shot in right leg; Thomas Rignin, policeman, shot in right leg and thigh; Frank Pala, policeman, shot in right leg; W. J. Ward, policeman, shot in leg; Jeremiah Hunter, aged 70, negro, beat on head and face by police; Mrs. Jeremiah Hunter, shot in head, scalp wounds and body bruised while resisting arrest.

Hunter was employed as caretaker of a large tract of land near North Branch, L. I. Yesterday he saw a man digging sandworms on the property, and he shot at the intruder who ran away and told Policeman McKenna what Hunter had done. McKenna ran to Hunter's home and was shot by Hunter. The police reserves were called out, and a siege began, which lasted until 2 o'clock this morning. Every time a policeman would move from cover a shot would be fired. Fortunately for the police, Hunter seemed to have only one shotgun.

Shortly after 2 o'clock this morning Hunter set fire to his house and tried to escape. Mrs. Hunter carried an old cavalry sabre, and with this she fought until overpowered, inflicting severe wounds on Patrolman Cassidy. Hunter ran for a patch of woods near the house, but was caught and subdued after a severe struggle, in which he was badly wounded.

LANE MAY BE VICTORIOUS.

Machine Man Withdraws in Interest of Harmony.

SACRAMENTO, Cal., Sept. 2.—The Democratic state convention convened this afternoon. T. E. Tatton, of Los Angeles, was elected chairman. J. F. Coonan, who was candidate of the "machine," withdrew from the contest in the interest of harmony. After the appointment of the committees the convention took a recess until tomorrow.

Franklin K. Lane, "organization" candidate for the nomination for governor, was assured of triumph last night. Tonight some of his closest friends admit that he has been steadily losing ground and that unless a vote is taken before tomorrow afternoon Thos. J. Geary may have the support of a majority of the delegates.

TO NOMINATE STATE TICKET.

SACRAMENTO, Cal., Sept. 2.—The leading candidates for governor before the Democratic state convention which meet here today are Congressman T. Geary and Franklin K. Lane, city and county attorney of San Francisco. Railroad Commissioner H. O. Toland is also in the race, while the names of J. C. Sims, chairman of the state central committee, and Attorney W.

H. Alford for San Francisco, are among the possibilities. Ex-Governor Jas. H. Dudd has been regarded as an aspirant for the position, but he has declared himself in favor of Geary. The attitude of many of the delegates is unknown and it may require a vote in the convention to reveal the possible strength of the various candidates. All are making claims of popularity with the labor element, which it is conceded will be a prominent factor in the campaign. The first test vote will occur on the election of chairman of the convention, the opponents of Lane having combined on G. S. Patton with whom they hope to beat J. F. Coonan, the man favored by the Lane forces.

For most of the other office other than governor there are numerous prospective candidates, but no protracted contests are anticipated and the work of the convention will probably soon be concluded.

PRESIDENT SPEAKS ON TRUSTS.

Delivers Speech on Subjects So Critical May Understand.

DALTON, Mass., Sept. 2.—President Roosevelt today took notice of his return to Massachusetts by delivering at Fitchburg another speech on the trust question in order that he might fully answer the critics and to more clearly define his attitude on the subject. He also launched into defense of the army in the Philippines during his speech at Springfield.

The impression had gone forth that any views he might express regarding the acquisition of the territory by the United States would be coldly received, but the demonstrations of approval which greeted his utterances dispelled this idea. Frequent stops were made again today and at each place the president delivered a speech.

ALBUQUERQUE, N. M., Sept. 2.—Major C. W. Hayslett, Indian agent for the Navajoes, at Fort Defiance, is in this city. He declares with emphasis that the reports that have been circulated regarding suffering and famine on the reservation are absolutely groundless.

He charges that the reports have

There has been some death in parts of the reservation, but no stock has died, the agent says. The Indians have secured all the crops and are unusually prosperous.
